## TRAINING COURSES ON AURA THERAPY

**PROBLEM:** All the medical reports are normal! But the sufferings , pains, depressions etc go on persisting..... years together!! This is a common situation on many houses, now a days. Medical doctors can not help us here! Is there any way out?!

**SOLUTION :**

Yes, there is a scientific way out!  
Vedic literature gives the cure!  
And the long drawn researches of Dr. Mannem Murty, a former Scientific officer, Department of Atomic Energy, Govt. of India, evolves a methodology for it, through his invention of Universal Thermo Scanner (UTS)!

**UNIVERSAL THERMO SCANNER (UTS):** UTS is a scientific instrument which works as a substitute to the famous Kerlian Photography and perfectly measures the volume of AURA (the panic energy radiation) of any given object, living or non- living. The researches of Dr. Mannem Murty, an honorable member of I-SERVE family, proved beyond doubt, that UTS has many applications, which can help human life, in a positive way.

- UTS can detect and measure ground water columns
- UTS can detect ailing human organs
- UTS can detect the geopathic stresses, which emanate out of the anomalies in the layers of earth, in a given area and can measure the negative energy flows that radiate out of them.
- UTS can determine the negatively effected organs & Yogic Chakras of residents of such residences
- UTS can determine the negative effected areas / places in the vicinity of Factories, offices, to take corrective steps.
- UTS can sense and determine the existence of deadly diseases like cancer, kidney disorders, mental imbalances, which lead to unwanted quarrels amongst the inmates etc., in a very early stage itself (even before powerful scans can detect them. ) These are only a few of the calibers of UTS

**UTS AS A HEALER :**UTS is not just a pathological instrument. It is a powerful healer, in its own right! We all know that the modern society is living amidst a variety of negative radiations such as radiations generated by cell phones, cell towers, computers, electric transformers & generators, atomic centers etc etc. Dr. Murty experimented on around 4000 people, effected by such adverse energies, all over India and established remedial methods to heal such subjects.

**HARMONISER :** In this process, Dr. Murty evolved a new instrument called "Harmonizer" which can cure a variety of ailments –

- (i) by injecting positive energy flows to counter the existing negative ones
- (ii) by injecting compatible colour energy, sound energy or Homa energy

- (iii) by setting right the imbalances of Yogic Chakra Vibrations of individuals (which generally cause a variety of undiagnisable sufferings)
- (iv) by recharging the Chakras through Cristal or herbal energy and
- (v) by countering the negative energy flows in a given residential house, factory or offer by utilizing herbal, metallic, mineral or spiritual energy alternatives.

To day Dr. Mannem Murty is extensively touring all over India, to give relief to thousands of people, suffering from the effects of the "Unseen radiations" and un diagnosed ailments.

**VEDIC ORIGIN** :Unlike many modern Indian scientists, Dr. Murty acknowledges the Vedic origin of his scientific thoughts, experiments and findings. Dr. Murty, maintains that "The root for many of the sufferings faced by a modern man lies in his neglecting his own ancient sages like Bharadwaja, Charaka, Sushruta, etc., who established many alternative scientific treatments like Homa Therapy (in the form of Yagnas), Sound therapy (in the form of Veda parayana), Geopathic therapy (in the form of Vastu geometry), Herbal therapy (in the form of Ayurveda) etc.," and he successfully thrived to reinvent the cycle from the perspective of the modern science and thus unraveled powerful techniques of healing.

**TRAINING CLASSES**: True to the traditions of I-SERVE, Dr.Murty does not intend to keep this knowledge as his secret 'wealth'. He and I-SERVE want to share this knowledge with all those who really care for it. As a result, I-SERVE designed the following courses for the benefit of the public, with out any barricades.
